

PITCH-ON-THON

Where Innovation Meets Implementation

Event Overview

PITCH-ON-THON is a premier platform designed for students to showcase their visionary ideas research, and technical solutions. Whether it is a conceptual project a detailed research paper, a review paper, a journal entry, or a registered patent this event invites you to present your work to an expert panel. While not mandatory participants are highly encouraged to demonstrate physical prototypes to enhance their presentation.

Focus Domains (Open Innovation)

- **Embedded Systems**
- **Smart Agriculture**
- **Biomedical & Para-medical Sciences**
- **Artificial Intelligence & Machine Learning**
- **Automation & Robotics**
- **Smart Power Electronics & EV Systems**
- **Web 4.0**

Event Rules & Guidelines

1. **Team Composition:** A maximum of **2 members** per team is allowed.
2. **Abstract Submission:** All teams must submit a concise abstract of their idea/project before the specified deadline.
3. **Domain Alignment:** Submissions must strictly align with the focus domains mentioned above.
4. **Presentation Timing:** Each team will be allotted **8 to 10 minutes** for their presentation, followed by a Q&A session.
5. **Viva Session:** Following the presentation, participants will undergo a viva voce where the jury will ask questions to assess the depth of their knowledge and the feasibility of their idea.
6. **Slide Limit:** To ensure conciseness, the PPT presentation is limited to a maximum of **7 slides**.

Submission Requirements ○ **Digital Copy:** Must be submitted via the

registration link by the deadline.

- **Hard Copy:** A printed presentation must be submitted to the coordinators on the day of the event.

7. **Finality:** The jury's decision is final and binding on all participants.

Judging Criteria

Your performance will be evaluated based on:

- **Innovation:** Originality, creativity, and the uniqueness of the idea.
- **Presentation Quality:** Clarity, structure, confidence, and ability to engage the audience.
- **Technical Viva:** Technical depth and the clarity and accuracy of answers provided during the jury interaction

Eligibility

We invite thinkers and creators from all academic backgrounds:

- **Schools** (High School students)
- **ITI & Diploma**
- **Engineering** (B.E. / B.Tech)
- **Arts & Science** (B.Sc., etc.)

Note on Language: While English is the primary medium, a **language exception** (regional language support) is available for students from **School, ITI, and Diploma** backgrounds to ensure their ideas are not limited by language barriers.

Registration Details

- **Entry Fee:** FREE (No registration fee required).
- **Event Coordinator:** Mohammed Abrar
- **Contact Number:** [8637452592]

Prize Details

- 1st Place – 1500
- 2nd Place – 1000
- 3rd Place - 500
